OTHER BRANDS AND PRODUCTS ON OFFER

Honda ACE125

Load-bearing characteristics,

The all-new ACE 125 was purpose-built for carrying. Its extra-long, highly durable seat provides comfortable space to transport two adults with ease or various items for delivery. Efficient, functional, eco-friendly. Stylishly small, seriously safe.

Honda ATV Utilities

Powerfully light

The TRX250TM has a lightweight, compact OHV air-cooled 229cc engine designed to minimise frictional losses. Its overhead valve-design offers a wide, easy-to-use powerband. It's easy to see why this mid-sized ATV is a firm favourite with its light throttle control that offers good engine response and excellent fuel economy and an rpm limiter for added durability.

Honda XL\XR125

Comfortable and easy riding

The ruggedly constructed chassis of the XR125L, features long-travel suspension systems for confident control on road and off. Its comfortable long seat also reduces rider fatigue, allows ease of reach to the ground for young riders of all sizes and has sufficient space for a passenger.

Handles any road

If you like to wonder off the beaten path or explore dirt roads, the Honda XR125L is a bike that does it all well. Lovingly called the "urban scrambler", the XR125L is an easy to ride street-going play-bike with a built-in love of the dirt.

Practical performance

The XR125L springs to life at the touch of a button, its rugged and reliable air-cooled 4-stroke engine provides both strong performance and money-saving fuel economy
